At 120 yards this hole offers scoring opportunity. However hazards include water behind the green and a deep bunker left of the green.

"SAPPHIRE"

CONFIDENCE & WISDOM

The lake cuts into the fairway and surrounds the right side of the green on this 125 yard par three. Play left to avoid trouble.

SCORER: _____

ATTEST: _____ DATE: _____

1

"OPAL" HOPE & HARMONY
The opening hole is a deceptively simple 111 yard par three. It's best to play short of the green if necessary, as water awaits behind the green.

"GARNET" CONSISTENCE & FAITH
A challenging 194 yard dog-leg left. Play safe to the right of the green for a chance to chip and putt for par.

2

3

"PEARL" HAPPINESS, & WEALTH
The shortest hole on the course at 74 yards has a well protected green with bunkers on each side. Play the yardage and trust your swing is the best recommendation for scoring on this hole

"TURQUOISE" HEALTH & PEACE
A straight-away 141 yard par three. Possibly the most challenging putting surface on the course with many undulations. Play the break toward the water.

4

5

"RUBY" FIRE, & PASSION
The tee shot over the water can be intimidating, but at only 100 yards most players have their scoring club in hand. Shoot for the center of the green as everything right of the green slopes toward the water.

"EMERALD" COMMITMENT, & PATIENCE

A challenging dog-leg right layout with a large bunker guarding the left side of the green. A tee shot hugging the right side is the best play for safety.
